PACKING THE FAMOUS

Shamrock Brand

OF HAMS, BACON, BUTTER, LARD
EGGS AND POULTRY

The packing houses are of the most modern type—nothing better on the American Continent. Each is under Government Inspection and the seal of "CANADA APPROVED" is placed on all meat products handled in them.

The SHAMROCK BRAND represents the Choicest Grade of article on which it appears. Thoroughly reliable, too, are the DOMINION BRANDS of Products, and WHITE CARNATION LARD COMPOUND. Obtainable at all Grocers, or any of our STORES IN THE WEST.

Introductory

The Publishers herewith present the Tenth Annual Edition of the Calgary City Directory. The work has been carried on in the same careful manner by trained and experienced men and we believe we have produced a Directory to the exacting requirements of the business community and the public.

The advertisement department in the front together with the classified section in the back of this Directory contains an alphabetical list of all articles made and sold in Calgary and virtually makes it a catalogue of the city which forms a most complete Buyer's Guide.

Canada with every nation is passing through a time of stress and tribulation in this World's disaster. We are taking part in the greatest war of all history. Our citizens from all parts of the Dominion are on active service fighting the battles of the Empire. The loss of so many men having gone with these contingents together with the great number of British and reserves of all the Allies, have drawn from our cities, and it is quite natural to expect that the Directory would reflect this loss and be smaller on that account and contain less names. A further reduction in size has been made by eliminating all corner cards. Our patrons will appreciate these features that permit more names on each page and a reduction in the size of the Directory which is presented in a more convenient form for reference.

The publishers desire to thank their patrons and the general public for the unfailing courtesy shown their representatives and also would say that they appreciate most thoroughly the confidence and satisfaction which the business men of Calgary have always shown in them and their work.

Population of Calgary, 67,504

These figures are an estimate only based upon the number of names the Directory contains. *This is not a census.*

EXECUTIVE COMMITTEE :

W. H. LEE R. H. DONNELLEY W. G. TORCHIANA

The Objects of the Association

- FIRST: To improve the Directory business by the interchange of ideas, and by the exchange of competent employees.
- SECOND: To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.
- THIRD: To provide permanent and continuous employment for honest and faithful Directory canvassers.
- FOURTH: For the mutual advancement of the established and prospective interests of all who may become members of the Association.

\$100 Reward

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided conviction results in imprisonment of not less than 6 months. In case of arrest immediately telegraph General Offices, New York City.

City of Calgary

LOCATION

Situate in what must eventually become the manufacturing belt of the West, and lying contiguous to the great undeveloped coal and oil areas of the Province, the city of Calgary looms prominently on the railway map as lying at the confluence of the Bow and Elbow Rivers. Being 860 miles west of Winnipeg and 640 east of Vancouver, it is practically the commercial metropolis of the Province. Most of the leading Eastern manufacturers and wholesale houses are represented here by over 1,000 commercial travellers.

INCORPORATION

Incorporated in 1884 as a town, it received its city charter ten years later, when its population amounted to about 6,000. Since then Calgary has grown to be a metropolitan city.

Calgary appears to be the geographical railway centre of Alberta. The Edmonton branch and the Macleod branch of the C. P. R. run north and south respectively. In addition, the G. T. P., the C. N. R. and the Great Northern are now running trains into Calgary.

Calgary is the western headquarters of the C. P. R.; controlled by a general superintendent and with a large staff of officials and clerks.

INDUSTRIAL

Calgary appears a favored place for the milling industry of the Great West, but it also holds plants manufacturing Portland cement, soap, lumber, beer, oils and paints, iron foundries, packing and abattoir plants, brick plants, and many others. The largest employer of labor in the city at present is the Canadian Pacific Railway.

NATURAL GAS

The discovery of natural and wet gases in the district has given an impetus to the encouragement of numerous industries, and that valuable asset now supplies power to manufacturers and also lights portions of East Calgary. Too much importance cannot be accredited to this discovery.

All the new business blocks of Calgary are of substantial construction, built generally of stone, brick and reinforced concrete, many having steel superstructure. Material for the erection of all buildings can be supplied on the spot.

FRANCHISES

Calgary is municipally owned, controlled and operated. The street railway system, at the present time, consists of about 71 miles of trackage, and the number of passengers carried for the past year was over 16,000,000. The electric light and power department is controlled by the commissioners. The waterworks system, which at the present time consists of some 190 miles, is being largely increased.

CLIMATE

The climate of Southern Alberta is ideal, and on account of its altitude—some 3,400 feet above sea level—Calgary has long been favorably noted for its beneficial attributes.

EDUCATIONAL

Calgary's educational advantages are of import, its modern equipped school buildings furnishing every requirement to make them perfect. The public school buildings in the city are exceptionally attractive. There are also a number of private schools, including Western Canada Mount Royal College (Methodist), St. Hilda's Girls' College, Bishop Pinkham College, the Sacred Heart (R. C.) Convent, and several business colleges.

A site for a university has been generously donated, and arrangements for its completion are left in the hands of an able board. Contract for the first building has been let and this work is now being rushed to completion.

PARKS

The city is well provided with parks, comprising some 577 acres. Five of these are located in the centre of the city, and give every opportunity to the young and old to enjoy themselves as they wish. Band and orchestral concerts are given at times in one or other of these parks.

FARMING

Of great importance to the neighborhood is the fact that the Provincial Government of Alberta has established throughout the Province creameries and cold storage plants, and situate within touch of Calgary. This means that Calgary acts as a distributing centre for those products. Further significance is lent by the C. P. R., whose irrigation policy is in no small way revolutionizing the farming and ranching industry throughout Southern Alberta. Up to date they have expended at least over \$15,000,000 and are now spending at least an additional \$15,000,000 to complete their irrigation system from Bassano to Medicine Hat, a distance of about 75 miles.

Progression

THE CITY OF POSSIBILITIES

In 1881 Calgary consisted but of the Hudson's Bay Company's store, another occupied by J. G. Baker, the Mounted Police Barracks and the house of the commander. Three years later mention is made in the Henderson Directory for the North West Territories of Calgary's population being at that time about 500. "Mails twice a week," "Stage weekly to Edmonton and Fort McLeod" are interesting events reflected in that compilation.

POPULATION

The year 1906 saw the first city directory for Calgary, which was issued by Henderson Directories. An estimate of the population then is stated as 20,000. As showing the carefulness of the publishers in arriving at that estimate, the police census in the following year returned the population at 21,000.

In 1909 the police census returned the city as holding 29,265, but the Henderson Directory for 1910 estimated the population, then, at over 40,000. Two years afterward it had increased to nearly 74,000.

SITES

Industrial sites offered at cost price to the city. Assessment fixed at not over \$3,000 per acre until January 1st, 1918. Buildings and stock exempt from taxation until the same date.

Calgary has a circumference of 40 miles.

INVESTMENTS

First mortgages furnish an interest rate of from five to eight per cent., according to amount of loan.

Building material of all kinds can be found in abundant quantities within the city limits and adjacent.

EXHIBITION, ETC.

The Calgary Industrial Exhibition, held in the first week of July each year, is favored with the patronage of 100,000 visitors.

Calgary's City Hall cost \$320,000.

Week-end excursions to Banff, "The Playground of Canada," are one of Calgary's pleasure attractions and outings.

Calgary is now the largest city between Winnipeg and the Coast.

Calgary offers most liberal propositions to industrial plants.

BANK CLEARINGS

The following is a return of bank clearings for Calgary during the past five years:

1910	\$150,677,031
1911	218,681,921
1912	275,492,303
1913	247,882,828
1914	201,669,873

STREET RAILWAY SYSTEM MUNICIPALY OWNED AND OPERATED

Calgary can well point with pride to its street railway system. Installed in July, 1909, with only 16½ miles of tracks and four cars, it has been a revenue producer from the commencement. More cars were added as rapidly as possible, and during the first six months of its existence the system showed a net profit of \$10,001.37. It is now an exceedingly valuable adjunct to the city, which receives large dividends on the outlay expended. The system is managed by the mayor, commissioners and a superintendent.

LIGHT AND POWER DEPARTMENT

Municipally owned, controlled and operated. Installed at a cost of approximately 1,000,000.

The city plant is capable of supplying 2,000 h.p. 24 hours daily, service gen-

erated by steam. An auxiliary 2,000 h.p. daily service is received from the Calgary Power Company, which has a water power plant forty miles west on the Bow River. The city reserves all rights to distribute light and power throughout the city, and the rates are very low, being as follows:

Light—75c per month for the first light, 60c each additional. Meter basic, 11c per K.W.

Power—6c per K.W., with discounts for prompt payments.

It will only be a short time when all municipal wires will be laid underground in conduits. Several miles have already been laid, and the work of extending the conduit system is being rushed as rapidly as possible.

The light and power department has netted the city a profit since its inauguration.

WATERWORKS

Calgary has gravity system of waterworks. Pure, fresh water comes from numerous streams in the adjacent Rocky Mountains, a few miles west. Piped twelve miles from Elbow River to the reservoir, which has a capacity of 20,000,000 gallons.

Water rates in Calgary are lower than 80 per cent. of the cities in the United States, and lower than a great majority of towns and cities in Canada.

An auxiliary plant is kept in constant readiness in case of accident or serious conflagration to relieve or assist the gravity system. Three pumps, with 5,000,000 gallons capacity, are located at this plant on the Bow River.

The water main pressure is at all times maintained at an average of 70 pounds, but for fire purposes it can immediately be raised to from 90 to 105 pounds.

INTERNAL EXPANSION

Population, 1915 (estimated by City Directory)—67,504

Area of city—40½ square miles

Rate of Taxation, 1914—20½ mills

Death Rate, 1914, per 1,000 of population—8.8

Birth Rate per 1,000 of population—29.5

Paved Roadways—61.41 miles

PUBLIC LIBRARY

Central Library—2nd St. W. and 12th Ave.
 Crescent Heights Branch—1806 1st St. N.W.

Hours of Opening

9 a.m. to 10 p.m. (9.30 p.m. June to August), Sundays 2 to 6 p.m.
 The Library is closed on Victoria Day, Dominion Day, Labor Day and Christmas Day; is open for reading only on New Year's Day, Good Friday and Thanksgiving Day.

Membership Privileges

The Library is free to all who live or work in Calgary. Books may be borrowed at once on filling out an application at the Library.

Administration

The Library is administered by a Board consisting of six members appointed by the City Council and the Mayor, who is a member ex-officio. Only one member may be an alderman.

The city is empowered by the Provincial Library Act to levy, in addition to all other taxes, a library rate not exceeding one mill on the assessed property.

The Board at present consist of the following:

A. J. Samis, chairman, Mayor M. C. Costello, R. J. Hutchings, Alderman J. W. Mitchell, A. G. Punkett, A. Ross, A. Melville Scott, Ph.D., Alexander Calhoun, Librarian and Secretary-Treasurer.

Book Collection

The Library has now over 25,000 volumes in its various departments, over 20,000 being available for lending purposes.

Reference Department

The reference library is a separate collection of over 2,000 volumes of books of reference and bound periodicals.

This department is designed to meet the needs of students and workers in every field who need special data of any kind. Telephone or mail inquiries receive prompt attention. Special lists of the best books and articles on any subject will be prepared at any time by the reference librarian, who gives all her time to this work.

Technical Reference Department

The works of Technical Reference form a separate department. Here also will be found technical books for loaning and the best technical magazines covering Engineering, the Trades, Commerce, and Business.

Children's Department (Upper Floor)

This department is a separate collection of 2,000 carefully selected volumes, under the supervision of a specially trained children's librarian. Children up to fourteen are eligible for membership.

Lecture Hall

The lecture hall is a beautiful little auditorium on the upper floor, seating 200, and equipped with a splendid lantern. This room, as well as several smaller rooms, is available at a nominal fee for any educational purpose. It is in constant use.

Crescent Heights Branch

The library has one branch at 1806 First Street N.W., with a collection of 2,500 books.

 Kennedy.

CHILDREN'S AID SOCIETY

Office—Police Court Building.
 Shelter—Harvetta Heights, East Calgary

Aims of the Society

The Children's Aid Society is a le-
 gally constituted organization for car-
 ing for and protecting the unfortunate
 children of the community in accord-
 ance with the principles and spirit of
 the Children's Protection Act of Al-
 berta, passed in the year 1909.

It stands for the cause of neglected,
 delinquent and homeless children. Its
 doors are open to all without regard to
 age, creed or nationality. Believing in
 the principle of equality of opportunity,
 it aims to give every unfortunate or
 dependent child a chance in the struggle
 of life. It regards the delinquent child
 as a victim of circumstances rather than
 a criminal, and seeks to win the way-
 ward one to a love of what is right and
 true. It aims at making good citizens,
 and prevents the filling of prisons by
 reforming the boy and girl outside of
 the Reformatory. It thus becomes a
 protector to society from its three great
 enemies—ignorance, vice and crime. In
 a word, the Society aims to find homes
 for the homeless, to be a friend to the
 friendless, and to care for and protect
 the weak and the erring.

CALGARY NATURAL HISTORY SOCIETY

Museum—Basement Court House, 7th Ave. W.

The membership of the society is \$1 per year, and entitles the holder not only to the privileges of the society, but to a course of free lectures by men eminent in their special fields of knowledge.

The principal part of available funds from membership and other sources will be spent in obtaining further specimens for the museum, which even now in its initial stage is well worth a visit.

Its collection embraces a very fine collection of Indian Relics, mounted mammals, birds and insects native to the Province, as well as fossil remains.

President—Dr. Euston Sisley
Treasurer—Miss A. Campbell
Secretary—G. F. Dippie, 821 4th Ave. W.

Henderson's Calgary Street and Avenue Directory Including Sub-Divisions and Their Locations For 1915

CITY DIRECTORY, 1915

225

Method of Numbering Streets, Avenues and Houses:

Calgary's streets are numbered from Centre Street, east and west and from Centre Avenue, north and south. Example—The first street west of Centre Street and south of Centre Avenue would be First Street S.W., oftentimes called First Street West. The first street east of Centre Street and north of Centre Avenue would be First Street N.E., and so on.

The Avenues are numbered from Centre Avenue and Centre Street. Example—The first avenue south of Centre Avenue and west of Centre Street would be First Avenue S.W., and so on; and the first avenue north of Centre Avenue and west of Centre Street would be First Avenue N.W., and so on.

Half streets or intervening streets are designated "A" or "One-half."

Houses are numbered under the following system: Each lot has a number. The even numbers are on the north side of the avenue and the odd numbers are on the south side of the avenue. On the streets the even numbers are on the east side and the odd

numbers are on the west side. Each block numbers from 100 as follows: 116 8th Avenue West would be on 8th Avenue, between Centre and First Street West. 217 8th Avenue West would be on 8th Avenue between First and Second Street West. On the streets the numbers run as follows: 211 Centre Street South would be on the west side of Centre Street, between Second and Third Avenues and 712 Centre Street South would be between Seventh and Eighth Avenue and so on. Each block starts numbering from the hundred following the block preceding it.

NOTE.—The arrangement in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre Street which appear first, with Avenues preceding Streets. The arrangement by directions is East, West, North East, North West, South East and South West. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on Streets.
